SCHEDULE "A"

41 Mornington Street - St. James Anglican Church

Reasons for the Proposed Designation:

The present St. James' Church, the third on the site, had its cornerstone laid in 1868. The main church of white brick is in the Decorated Gothic Architectural style. The main building is approximately 130 feet x 51 feet with a bell tower 14 feet x 14 feet. There are cut stone weather facings on the buttresses and window sills and cut stone window hoods and boss terminals.

The side windows are pairs between buttresses of pointed windows with a small rosette above surmounted by an arched hood. The west window has three pointed windows and a rosette beneath a perpendicular, pointed oval louvre. A row of triangular windows has been let into the roof planes on either side offering ornament and relief to the shingled expanse. The tower, built in 1906, is supported by corner buttresses terminating in four broach spires. There are four small windows beneath the two high pointed openings, glazed and louvred, behind which are placed the bells. A church hall and Sunday School rooms were added at a later date repeating the same brick colouring and sympathetic detailing.
