**SCHEDULE A****STATEMENT OF SIGNIFICANCE: 1755 BAYVIEW AVENUE  
(REASONS FOR DESIGNATION)**

The property at 1755 Bayview Avenue (including the entry address at 1757 Bayview Avenue) is worthy of designation under Part IV, Section 29 of the Ontario Heritage Act for its cultural heritage value, and meets Ontario Regulation 9/06, the provincial criteria prescribed for municipal designation under all three categories of design, associative and contextual value.

**Description**

The property at 1755 Bayview Avenue contains a four-unit, two-storey brick and stone-clad apartment building, which is part of a unique set of ten properties of similar design, owned and developed by Henry H. Talbot, builder and Mayor of Leaside (1938-1947) and designed by the architect W. Breden Galbraith on the east side of Bayview Avenue between Parkhurst Boulevard and Eglinton Avenue East.

**Statement of Cultural Heritage Value**

Constructed in 1936-37, the four-unit apartment building with a single entrance at 1755 Bayview Avenue has design value as a representative example of a Tudor Revival variation on the Arts and Crafts, the style associated with the Garden Suburb aesthetic, featuring half-timber in the roof gables, paired bay windows with stone bases and long casement windows and a front door with an arched stone surround with a keystone and quoins. The design value of this property is amplified by its being one of the same four-unit apartment building typology with a variety of styles associated with the Arts and Crafts Style, constructed as a set on the east side of Bayview Avenue.

The property is valued for its association with the Leaside Garden Suburb developed in 1912 by the Canadian National Railway and designed by the landscape architect Frederick Todd Gage. It contributes to an understanding of the development and growth of Leaside in the 1930s which integrated a variety of housing typologies addressing various income levels and household types. It demonstrates the variety of the work undertaken by Henry H. Talbot, a locally-based builder and Mayor of Leaside (1938-1947) and it reflects the work and ideas of the well-known residential designer W. Breden Galbraith.

Contextually, the property at 1755 Bayview Avenue is important in defining and maintaining the consistent character created with the other nine, adjacent, four-unit apartment buildings. Their 1930s period detail, reflecting the Arts and Crafts influence, contributes to and maintains the overall character of the Leaside Garden Suburb. The four-unit apartment buildings maintain not only the period and architectural quality of scale and style but they also contribute to a distinctive social quality in Leaside's planning and built form which provided a wide range of housing typologies.

## Heritage Attributes

The heritage attributes of the building at 1755 Bayview Avenue are:

- The setback, placement and orientation of the building on the east side of Bayview Avenue between Parkhurst Boulevard and Eglinton Avenue East
