**The Corporation of the
Township of Selwyn**

By-law Number 2021-026

**Being a By-law to Designate Certain Properties in the
Township of Selwyn under the
Ontario Heritage Act
44 Bridge Street – Lakefield Ward**

The Corporation of the Township of Selwyn by the Council thereof hereby enacts as follows:

- 1 That the hereinafter described property be and is hereby designated to be of historical and architectural value or interest pursuant to the provisions of the Ontario Heritage Act, R.S.O. 1990, c. 0.18, for the reasons hereafter stated:

a) 44 Bridge Street – Township of Selwyn (Former Village of Lakefield)

Reason for Designation

The property at 44 Bridge Street in the Village of Lakefield, Ontario is worthy of designation under Part IV of the *Ontario Heritage Act* for its cultural heritage value or interest as a Georgian-style house constructed in stone. The house, which was constructed in 1858 and is the only example of this type in the Village, demonstrates the key characteristics of the Georgian-style including the symmetrical three-bay massing and centre hall plan. Despite its later additions, it retains the important elements of this architectural style as it was adapted in North America in the early to mid-nineteenth century. This local landmark holds many key heritage attributes including, but not limited to, granite and limestone construction, gable roof, symmetrically placed chimneys and central entrance. The subject property has direct associations with significant local figures, Frank Hyde D'Arcy and John Hull, the first two owners of the house, who owned and operated the flour mill constructed on the Smith Township side of the Otonabee River, beginning in 1858. The flour mill was a key economic driver in the village of Lakefield in the mid-nineteenth century and both D'Arcy and Hull prominent men in the community. Hull, in particular, was an important figure in the second half of the century serving on the village Council and as Reeve.

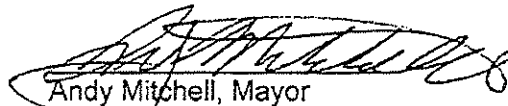

Heritage Attributes

The Reasons for Designation include the following heritage attributes and apply to all elevations of the structure identified in "Schedule A", attached hereto, and the roof including: all façades, entrances, windows, chimneys, and trim, together with construction materials of wood, brick, stone, stucco, concrete, plaster parging, metal, glazing, their related building techniques and landscape features.

- Two-storey construction
- Symmetrical massing and centre hall plan
- Granite and limestone construction
- Gable roofs
- Symmetrically placed chimneys
- Central entrance
- Fenestration including:
 - 6-over-6 sash windows
 - Limestone sills
 - Limestone lintels
- Western two-storey addition

- Rear sunroom including:
 - Salvaged windows

Read a first, second, and third time and finally passed this 13th day of April A.D., 2021.

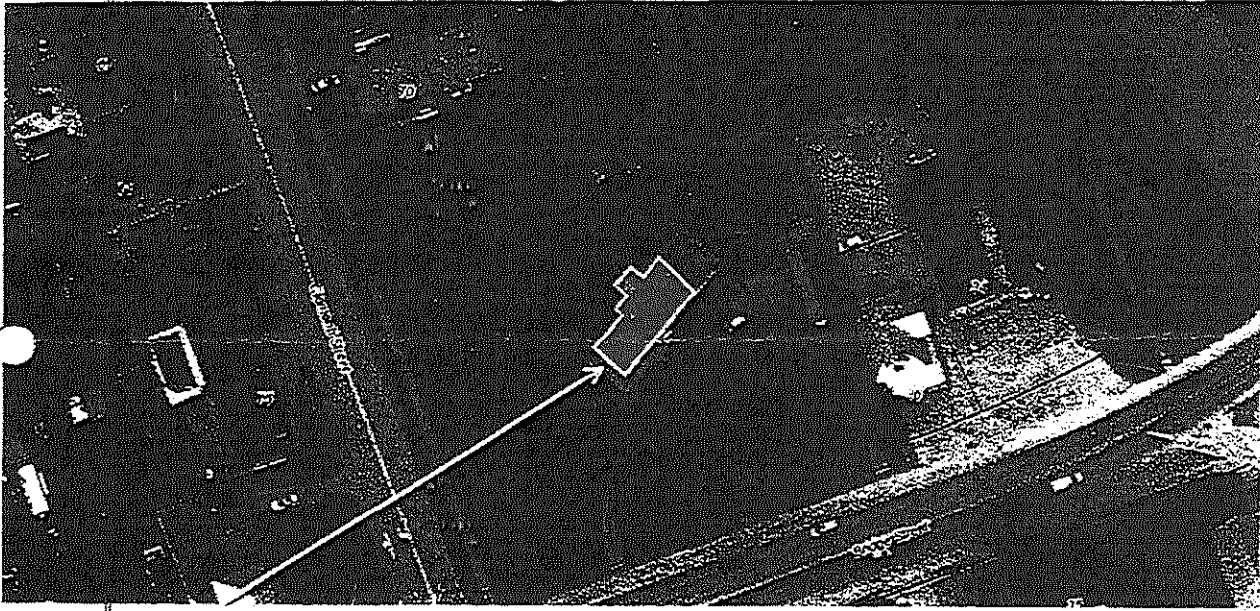

Andy Mitchell, Mayor

Angela Chittick, Clerk
