**RE: DESIGNATION OF A PROPERTY UNDER PART IV OF THE
ONTARIO HERITAGE ACT
Bewell Bungalow, 4592 Highway 7 East**

Dear [REDACTED]

This will confirm that at a meeting held on February 23, 2022, the Markham City Council approved By-law 2022-10 to designate the Bewell Bungalow pursuant to the Ontario Heritage Act.

As per the requirements of the Ontario Heritage Act, the following information is to be served on the owner of the property, on any person who previously objected to the intention to designate the property and on the Ontario Heritage Trust:

- i. A copy of the by-law; and
- ii. Notice that any person who objects to the by-law may appeal to the Ontario Land Tribunal by giving the Tribunal and the clerk of the municipality, within 30 days after the date of newspaper publication of notice of the by-law, a notice of appeal setting out the objection to the by-law and the reasons in support of the objection, accompanied by the fee charged by the Tribunal.

Please find attached the Designation By-law. Should you have any questions concerning the by-law or its implications, please contact Regan Hutcheson, Manager, Heritage Planning at rhutcheson@markham.ca.

STATEMENT OF SIGNIFICANCE

Bewell Bungalow 4592 Highway 7 East

The Bewell Bungalow is recommended for designation under Part IV, Section 29 of the Ontario Heritage Act as a property of cultural heritage value or interest, as described in following Statement of Significance.

Description of Property

The Bewell Bungalow is a one-and-a-half storey brick dwelling converted to commercial use located on the north side of Highway 7 East. The property, municipally-known as 4592 Highway 7 East, is situated within a series of commercial plazas located between Main Street Unionville to the west, and Kennedy Road to the east.

Design or Physical Value

The Bewell Bungalow is of design or physical value as a good example of an Arts and Crafts style dwelling. The building is compact and rectangular in form with a minimum of ornamentation, reflecting the stylistic influence of Arts and Crafts architecture on residential design in the late-nineteenth and early twentieth centuries. The guiding principles of the movement were a belief in craftsmanship, simplicity, utility, and a restrained, subdued beauty. The building's clarity in form, structural authenticity, and use of natural materials, such as brick masonry, are all indicative of these principles.

Historical or Associative Value

The Bewell Bungalow has historical or associative value as a property within a former cluster of suburban lots sold by W. F. Elliott in the early 1920s. This house was built for Edward and Margaret Bewell on a one acre lot purchased in 1922. A very similar house at 106 Main Street Unionville was constructed in 1920, which suggests that the same builder was responsible for its construction. The vintage of the house is significant as it is representative of a phase of growth in Unionville in which there are relatively few extant examples.

Contextual Value

The Bewell Bungalow has contextual value as a remnant of early twentieth century suburban development along Highway 7, at the south end of the village of Unionville. The property is of significance as it is one of only two former residential properties remaining on Highway 7 between Main Street Unionville and Kennedy Road. As such, it is revealing of both the urban footprint of Unionville prior to the arrival of post-war suburban growth, and the former residential character of Highway 7.

Significant Architectural Attributes

Character-defining attributes that embody the cultural heritage value of the Bewell Bungalow are organized by their respective Ontario Regulation 9/06 criteria below:

Heritage attributes that convey the property's design value as a representative example of an Arts and Crafts dwelling:

- Overall form of the one-and-a half storey, rectangular-plan building;
- Truncated hipped roof with hipped-roofed dormers on the front and rear slopes;
- Full-width front veranda, supported by four brick columns resting on brick piers with concrete caps;
- Brick balustrade with a checkerboard pattern, capped with concrete copings. Brick skirting in the same checkerboard pattern
- Brick masonry;
- Variable-sized, flat-headed window openings with wooden sash-style windows and storms with upper sash containing divided panes in varying numbers depending on window size;
- Wooden storm windows;
- Masonry lintels and lugsills; and
- Small square windows with no pane divisions on the west and east elevations.

Note that the exterior paint colour, wall mounted signage boxes, existing front and rear doors, skylights, and electrical light fixtures flanking the front entrance are not original to the property, and are not considered to have significant cultural heritage value. As such, they have not been identified as heritage attributes.

Heritage attributes that convey the property's historical and contextual value as a fragment of Unionville's early twentieth century growth include:

- The dwelling's setback from Highway 7 which, despite past road widening, helps communicate the former residential use of the property, and the historic character of Highway 7 more broadly; and
- The unobstructed visibility of the dwelling's south (primary), east and west elevations from Highway 7 reflecting its original condition when constructed.
