Bentley Family Farmhouse

Pt Lt 13, Con 1 Trafalgar, North of Dundas Street, Pt 1, 20R20807; Town of Oakville

## SCHEDULE "B" TO BY-LAW 2023-154

### STATEMENT OF CULTURAL HERITAGE VALUE OR INTEREST

#### Description of Property

The subject property is located at 3444 Trafalgar Road on the west side of Trafalgar Road, south of Burnhamthorpe Road East. The property contains the Bentley Family Farmhouse, a c.1840 one-and-a-half storey stucco-clad stone structure built in the Gothic Revival style of architecture.

#### Statement of Cultural Heritage Value or Interest

##### *Design and Physical Value*

The Bentley Family Farmhouse building has design and physical value as a representative and early example of a 19<sup>th</sup> century Ontario Gothic Revival style residential structure. Constructed circa 1840, the house is composed of multiple sections, including a rear section that may have been constructed earlier than the front of the house. The house has a unique construction, built of lake stone mixed with smaller rocks and mortar, and then clad in stucco. The house contains design elements reflective of the Gothic Revival style, including the two-storey, projecting bay frontispiece that contains the formal front entryway. This entryway is capped with a common and distinctive Gothic Revival feature: a steeply pitched centre gable with a pointed centre gable window. The building is modestly decorated but the front gable retains its decorative bargeboard and its tall, slender finial.

##### *Historical and Associative Value*

The Bentley Family Farmhouse has cultural heritage value for its historical associations with the Bentley family who owned the property for 106 years, farming the land and contributing to the agricultural development of Trafalgar Township. The building also has cultural heritage value for its associations with the theme of early agricultural development in Oakville and the former Trafalgar Township. The building remains an important physical reminder of Oakville's agricultural past and the contributions of early European settlers to the 19<sup>th</sup> and 20<sup>th</sup> century development of the area. Through the rear wing of the house, that may have been constructed prior to the front portion, the property also has the potential to yield information about early European settlement and the construction of early settler homes.

##### *Contextual Value*

The Bentley Family Farmhouse property has contextual value because it is physically, visually and historically linked to its surroundings. The house has cultural heritage value as a physical reminder of the agricultural and European settler history of

Oakville. As one of only a handful of remaining historic farmhouse structures in the local area, the Bentley Family Farmhouse is an important physical connection to the past and to the former use of this land. The property's location, set relatively close to the road, has meant that it is a familiar and noticeable site along Trafalgar Road and Burnhamthorpe Road East, acting as a signal to the area's past.

#### Description of Heritage Attributes

Key attributes of the Bentley Family Farmhouse that exemplify its cultural heritage value as an Ontario Gothic Revival style house, as they relate to the one-and-a-half storey front portion of the house, include the following:

- The massing and form of the one-and-a-half storey building with side gable roof and frontispiece with gable roof;
- Masonry walls made of lakestone, small stones and mortar and clad in stucco;
- Lakestone foundation above grade;
- Red brick chimney;
- The fenestration and shape of the window openings on the north, east and south elevations, excluding the small replacement window on the first storey of the north elevation;
- Wood cornice and soffits;
- Decorative vergeboard and finial on frontispiece; and
- Remaining historic wood windows, shutters and exterior doors.

Key attributes of the Bentley Family Farmhouse that exemplify its cultural heritage value for its potential to yield information on the construction of early settler homes, as they relate to the original one-and-a-half storey rear portion of the house, include the following:

- The massing and form of the one-and-a-half storey structure with side gable roof.
