## **SCHEDULE “B” TO BY-LAW NO. 2024-0029**

### **REASONS FOR DESIGNATION**

#### **Description of Property**

The property at 50-52 Main Street South is a rectangular-shaped parcel located along the southwest side of Main Street South in Georgetown in the Town of Halton Hills. The existing two-storey commercial building occupies almost all of the existing property with a small reveal at the rear corner and carport with above balcony and addition to the rear with a paved asphalt driveway.

#### **Statement of Cultural Heritage Value or Interest**

The property at 50-52 Main Street South in Georgetown has physical and design value due to the c.1891 commercial building known as the McKinlay Dentistry Building extant within the property. The two-storey building height with red brick exterior, brick and stone detailing, extant window openings at the second storey, and detailing parapet reflect characteristics typical of many of the late-19th century commercial buildings within the downtown Georgetown core. While the front elevation at the first storey has been altered, the alterations have been sympathetic to the heritage character of the building and the downtown.

The subject property and McKinlay Dentistry Building have significant historical and associative value due to its associations with one of Georgetown’s earliest dentists, Charles McKinlay, who constructed the building for his practice and for residential use. The subject property has also been owned by significant residents of Georgetown, including Leroy Dale and Sybil Bennett, as well as Richard (Dick Licata). Additionally, owner Judith Louis Grant-Horner has been recognized as an important member of the business community in downtown Georgetown.

The McKinlay Dentistry Building has contextual value as it is important in defining the built heritage character of the downtown. The existing two-storey building remains in its original location, physically and functionally linked to its surroundings as a commercial property on the Georgetown main street.

#### **Heritage Attributes**

The identified heritage attributes of the property at 50-52 Main Street South that contribute to its physical and design value include:

- The setback, placement, and orientation of the two-storey, late-19th century commercial building within a commercial row in historic downtown Georgetown;

- The materials, including red brick exterior and architectural detailing, stone detailing, and rubble stone foundation;
