Dear 

Re: Notice of Approval with Conditions – Heritage Permit Application 21  
Francis Street, Lindsay

The application for alteration for your property located 21 Francis Street, Lindsay which is designated under Part IV of the Ontario Heritage Act has been reviewed and approved with conditions.

The proposed work is not entirely consistent with the conservation of the heritage attributes of your property. In order to comply with the heritage designation of the property and the conservation of its heritage attributes, the following changes are required:

- The use of sash windows to replace the fixed pane windows on the north, east and west elevations

A heritage permit has been issued subject to the above conditions. The permit is enclosed and you are required to display the permit on your property for the duration of the work.

You may object to the above conditions and file an appeal with the Ontario Land Tribunal. Should you wish to file an objection, you must give notice to the municipality within 30 days of receipt of this letter and the application will then proceed to the OLT.

The issuance of a heritage permit does not preclude any planning approvals or building permits you may require for the proposed work. You are required to complete the application processes for any other approvals you may need before commencing work. Please submit a copy of your heritage permit along with the other documentation for these approvals.

Sincerely,

Emily Turner
