**583 Harvey Street – The William Thornton House**

583 Harvey Street has good cultural heritage and architectural value. Constructed in 1875 by William Thornton, a merchant and builder in Peterborough, it was the family home and remained in the Thornton family for over 100 years. The home is surrounded by two other houses built by William Thornton (581 & 585). 581 Harvey Street is said to have been the first home to be built on Harvey Street.

583 Harvey Street is a well-preserved example of a vernacular home from the late 19<sup>th</sup> century. The home features an intricately carved verandah at the front of the simple one-and-a-half storey house clad entirely in stucco, the earliest form of sheathing.
