We have stripped off the stucco cladding that was added in the 1950s, to reveal the original brickwork. Our intent, as the drawings indicate, is to reinstate the sign band for the 1890-1950 era. We have duplicated the original detail of the sign band from photographs. We also intend to repair the original curved masonry corner above the retail windows at the corner at George & Hunter Street. This was previously squared off with the stucco cladding. We will assess the condition of the brickwork, as the work proceeds. The brick is currently painted and has many nail holes from the over cladding. Currently we are planning on painting the brick.
