NOTICE OF INTENT TO DESIGNATE UNDER THE ONTARIO HERITAGE ACT

Re: Notice of Intent to Designate 271 Valley Vista Drive pursuant to Part IV, Section 29 of the *Ontario Heritage Act*.

INTENT TO DESIGNATE UNDER THE *ONTARIO HERITAGE ACT*

Please take notice that the Council of the Corporation of the City of Vaughan intends to designate for reasons of cultural heritage value or interest, pursuant to Part IV, Section 29 of the *Ontario Heritage Act* the property municipally known as **271 Valley Vista Drive** in the City of Vaughan, in the Province of Ontario.

REASONS FOR PROPOSED DESIGNATION

271 Valley Vista Drive, known as the Velie-Graham House, is a Regency Cottage style 1-storey stucco-clad structure originally built between 1824-1829, and with a south addition built circa 1950. The square footprint building is built on a dry-laid stone foundation. It has a central hall, with a framed single door with classical surround and sidelights facing to the north and south at the ends of a central hall, the visual connection between the north and south entrance doors is a feature of this building. On either side of these entrances are large windows, forming a central 3-bay form.

The subject property was owned and operated first by the Velie family between the turn of the 19th century until 1864, when the property was sold to the Graham family. During this period, the 100-acre farm produced agricultural goods as well as sawn wood products from the sawmill on site. Under the Graham family ownership (until 1936), wood products were eliminated, and the sawmill was removed; an orchard was temporarily planted, but the Graham family were better known for their livestock. The last ownership exchange occurred in 1936, then the farm changed name to Brook Farm, was amalgamated into the larger Don Head Farms, and later further absorbed into the Southbrook Farms and became the namesake for Southbrook Wineries, a VQA Ontario winery.

The house, barn and stone structure all relate to the property's evolution and relates to Vaughan's agricultural history. The trees and vistas from the house, particularly to the south over the passive parkland provide a glimpse into the pre-contact and historical land features and domestic gardening.
