Ontario Heritage Trust

Dear [REDACTED],

**RE: Heritage Permit Application
Alton Mill, 1402 Queen St. West
File No.: HP 2024-001**

Please be advised that the Town of Caledon has approved your application for a Heritage Permit for the above-noted property to undertake the following work:

- Installation of:
 - Four hollow metal fire doors on interior
 - Panic hardware to select exit doors
- Relocation of two historic fire doors
- Enhancement of fire rating for one section of the wall separating the original mill complex from its early 20th century addition
- Expansion of millrace room
 - Removal of non-historic wall
 - Installation of guardrail on one side for stairway into millrace room
 - Stone pointing to make good any walls that need repair

The heritage permit application was approved with the following conditions:

- That the owner explores opportunities such as 'wrapping' or artistic enhancement of the new hollow metal fire doors to improve their appearance; and,
- That the two historic fire doors identified for relocation in the heritage permit application be, in order of preference:
 - Mounted stationary near their original openings
 - Displayed in an alternate location on the Property following confirmation that display in the chosen area will not lead to their deterioration

A hard copy of the Heritage Permit will be provided and is to be placed on site in a publicly visible location prior to start of the work. Upon completion of the above work, the applicant is required to arrange a site inspection with Heritage staff for review prior to closure of the permit.

Sincerely,

A handwritten signature in black ink, appearing to read 'CJ', with a small dot at the end.
