SCHEDULE "B"

Reasons for Designation of 343 Wilson
Street East, in the Town of Ancaster

The Richardson-Ashworth House, known municipally as 343 Wilson Street East, in the Town of Ancaster, being of historic and architectural value and interest, is a fine example of the Italianate style which corresponds to that of the Old Town Hall. Built in the 1860's, it is set in spacious grounds with large trees, and its siting in a slightly raised position gives this quality house an imposing appearance, important to the Wilson Street streetscape. Historically, the house is of importance as having been the residence and office of several doctors. Without restricting the generality of the foregoing the reasons for this Council designating the described premises include the intention that the following features of the described premises should be preserved, that is,

- (a) East, South and North facades (not including West extension), and
 - (b) East doors and doorcases, including side and toplights, and
 - (c) East, South and North fenestration, including shutters, and
 - (d) cornice on all four faces, and
 - (e) roof, and chimneys in roof, and
 - (f) view of house from Wilson Street (i.e. the present open space in front of the building),
- but

this Council has no intention that any alteration, maintenance, repair, replacement or improvement of elements of the premises requires the prior written consent of this Council unless such affect the reasons for the designation of the premises as described in paragraphs (a) to (f) herein.
